IMPORTANT!
Hey all, please double check with either Kadji or I before you check in changes to the deck. We're having version control issues and would really like to minimize those. Thanks!

Daniela, Can you please post the latest deck by tomorrow EOD? We'd like to do one more account review before the client presentation. Mainly want to take another look at the budget proposals. CC: **Babek, Ivan**

Kadji, can you please take a look at this? I haven't had a chance to review yet and will be out of office next week. I noticed a few bugs upon first glance but would be good to get a scrub

Can someone please point me to the latest FY2017 strategy pitch deck? I'm supposed to do a design scrub for it.

I'm not confident in recommending option 2 or 5 again and feel that we should cut those options from the deck. We've discussed those options with the client before and she believes those are too costly for the brand. If we don't acknowledge those concerns, she may lose confidence in our recommendations.

Daniela, Daichi mentioned that the client had some changes to our design for the July promotional splash page. Could you make those edits before our Wednesday client sync?

I thought the client wanted to include a section about the buy one get one offer as well? Originally it was slated for August but she mentioned she got the budget approved for July
